Access	Available for research. Not for loan.
---------------	---------------------------------------

Finding Aid	The GALAWA Database
--------------------	---------------------

Details

GALAWA formed in the mid 1990s to collect and protect, precious material from the community. The GALAWA collection is housed securely in the basement of Murdoch University Library. A new committee formed in 2015 to revitalise the collection and we are working towards this. GALAWA is always interested in new members who wish to join and be a part of the committee, assist with archival work or to assist in other ways.
